

# GREASE power

## green-Effective® High performance kitchen degreaser

### ■ Eco-efficient performance with eco-effective product design

User and environmental safety at the highest cleaning performance

- First Cradle to Cradle® Gold certified range in the cleaning industry\*
- Cradle to Cradle™ Gold certified\*
- Certified with the European Ecolabel (AT/020/012)
- Registered in the positive list of ‚die umweltberatung‘
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

\*Cradle to Cradle Certified™ is a certification mark licensed by the Cradle to Cradle Products Innovation Institute. The product has been Cradle to Cradle Certified™ at the Gold level, packaging meets Silver level requirements.

### Sustainable development and production

- EMAS:**
- Continuous improvement of environmental performance
  - Annual sustainability report
  - Energy and water management
  - Social Fairness

- DIN ISO 14001:**
- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

- ISO 50001:**
- Continuous improvement of energy management: performance, efficiency, security, use and consumption

- A.I.S.E.-Charter:**
- Safe and sustainable manufacturing of cleaning products

- DIN ISO 9001:**
- Continuous improvement of management processes and customer satisfaction
  - Established quality management system in product development and production

### Complete biodegradability

- GREASE power with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard\*

\*for more information please visit [www.wmprof.com](http://www.wmprof.com)

### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 25% of organic carbon processed in GREASE power originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

### Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

### Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# GREASE power

## **green-Effective® High performance kitchen degreaser**

- Fast ■ Easy usage ■ Efficient

### Product profile

- GREASE power degreases easily alkaline resistant surfaces without leaving residues.
- GREASE power can be used on various surfaces and equipment, making working easier with one single product.
- GREASE power is easy to use and can be applied manually and mechanically (e.g. with sprayer or foam pistols).
- Meanwhile enhancing the work safety, it achieves very good results when used on stubborn incrustations. In particular for stove and grill areas.
- GREASE power offers a refillable spray bottle.
- Majorly composed of renewable resources, and due to its specific conception, which makes the use of this product suitable for food processing areas, GREASE power takes on the responsibility for future generations.

### Area of application

- GREASE power is suitable for use in food processing areas such as kitchen counters, cutting machines, refrigerators, wash basins, kitchen devices, vapor hoods, ovens, microwaves, convection ovens, alkali-resistant flooring, etc.
- Also suitable for (most of) the convection and steam oven with an integrated washing system.
- Not suitable for aluminum, enamel and non-alkaline resistant surfaces.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Avoid inhaling sprayed product. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** Only give completely emptied packaging to special waste disposer. Proper dosing saves costs and minimizes environmental impact.

#### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

**Manual application:** Can be used on metal surfaces.

10 - 100 mL/L

concentrated

**Spray cleaning:** Spray directly or onto a suitable cloth and wipe the surface. Rinse with water.
